

FIVE YEARS OLD TO-DAY.

[TO NELLIE.]

Swing open the wide parlor doors,
Let in the brightest sun.
Strew leaves and flowers upon the
floors,
Make way for romping fun.
Release the bonds of mild restraint,
Turn duty into play,
Charge not a single small complaint;
She's five years old to-day.
Untie the ribboned gifts of Love,
Bring out the frosted cake.
By many a candid token prove
We're happier for her sake.
O'er paths of roses guide her feet
Thro' pleasure's brightest way,
'Til dreamland music tinkles sweet;
She's five years old to-day.

—Trigg, of the Eagle, gets red-
headed every time any one criticises
the A. P. A., it matters not how mild
may be the criticism. His rantings
and frothings do not disturb us,
however. We have said nothing
untrue about the A. P. A. It is
simply a Republican side-show al-
though a few misguided reformers
may have become members.

—The Democrats re-nominated
H. L. Moore for congress, at Fort
Scott, Wednesday. We will remark,
right here and now, that the Popu-
lists won't pull down their nominee
for Moore—or for anybody else—
this year.

The meanest man in the present
struggle between the A. R. U. and
the railroads is not the capitalistic
class, for we expect to find them on
the side of railroads; but the mean-
est man is the laborer who is against
the union and in favor of the rail-
roads. He is a poor, miserable,
cringing tool, whose opinions are
echoes, and whose hands no honest
man of any class should touch. He
is meaner than the renegade whites
who in early days joined the Indians
in murdering and robbing white
communities. The capitalist we can
forgive, and treat with respect, for
where a man's treasure is, it is natu-
ral for his heart to be, also; but
there is only one place for the fel-
low who, working hard for a living
himself, takes sides against his fel-
low-laborers, and that place has a
climate a blamed sight hotter than
Fresno. Not all capitalists and em-
ployers are against the A. R. U. in
this struggle. Many of them are
broad-minded and good hearted men,
and used their means in a public-
spirited way, and they are with hu-
manity in its struggle to better its
condition. The distance between
one of these better class of capital-
ists, though he were worth millions,
and the laborer who is against other
laborers, is as great as the distance
between Heaven and Hell. Every
self-respecting man despises the
toady, the tool, the sycophant.
People will use traitors, but they
despise them, always. So we say
to every laboring man, don't reserve
your hate for the man who is natu-
rally against your side of the ques-
tion. Reserve it all for the con-

temptible cur of a laborer who, in-
stead of being a man, prefers to be
a cringing lickspittle.—New Char-
ter, Santa Cruz, Cal.

Judas Ellen Foster, Helen Kim-
ber and two or three other pretend-
ed woman-suffragists, who are first
Republicans, and then suffragists,
propose to fight for the Republican
party despite its cowardly attitude
on the question, and they have char-
tered a section of the Topeka
Breeze, and have contracted for ten
thousand copies of that paper each
week during the campaign, to boom
their party.

"Foghorn" Kelley, a prominent
Democrat of Indiana, and ex-Senator
H. B. Kelley, a leading Kansas
Republican, and lately a member of
the state board of charities, have
abandoned their parties and cast
their lot with the Populists.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous surfaces.
Such articles should never be used
except on prescriptions from reliable
physicians, as the damage they will
do is ten fold to the good you can
possibly derive from them. Hall's
Catarrh Cure manufactured by F. J.
Cheney & Co., Toledo, O., contains
no mercury, and is taken internally,
acting directly upon the blood and
mucous surfaces of the system.
In buying Hall's Catarrh cure be
sure you get the genuine. It is
taken internally, and made in To-
ledo, Ohio, by F. J. Cheney & Co.,
